## Taxis

Although taxis offer convenience, they are not the cheapest transportation option in Mexico, especially during high season when rates can be higher.

- **Airport Rates:** The rates are more standardized at the airport but expect to pay \$100-\$150 USD for a taxi to Akumal. You do not have to tip the taxi driver.
- **Availability:** There are lots of taxis at Cancun Airport, and you can easily get one right away.
- **High Season Rates:** Taxi companies may increase rates during the high season, so it's advisable to confirm the fare before starting your trip.
